

Dad throws me over. I'm strong and well and there is always work in the white wings gang.

"Whatever you do, don't let Dick know that I wrote you this, for old Dick can be as hard as nails and I would never forgive him if he said anything that would hurt Mary in any way."

Now, what shall I do with this affair?

I feel as though Dick at least should know, but I cannot tell him, for the secret is not mine, and I think the woman who runs and tells her husband everything that anyone else says to her in confidence betrays that confidence just as surely as though she told it to someone else.

(To Be Continued Monday.)

#### HASHED OR BROWNED POTATO IN CREAM SAUCE

Dice one quart of cold boiled potato. Put three tablespoons of butter into skillet, add one teaspoon of chopped onion, one teaspoon of minced parsley, one-half teaspoon minced carrot. Cook until tender and light, golden brown in color. Add two tablespoons of flour and the hot butter. Stir until there are no lumps. Remove from the blaze. Add one pint of cold milk. Stir thoroughly. Cook until smooth. Spread potato on shallow earthenware dish. Salt and pepper to taste. Turn sauce evenly over all potato. Sprinkle few fine bread crumbs on top. Dot with little butter. Set in rather hot oven and cook for twenty minutes.

#### THE TEST

Nurse—Well, doctor, must we give him up?

Doctor—Not while he can sign a check.—Judge.

Two real sports at Smith Center, Kas., indulged in a banana-eating contest. After each had eaten eighteen they called the contest a draw in order that they might go home to dinner.

#### ATTRACTIVE NEW COSTUME FOR BATHING SEASON

The new designs for bathing costumes are already out and they show the influence of tunic and ruffle.

The bathing suit of this summer will be much fuller than last. It will be rounded up in the front to show the knee bloomers. The tunic will be trimmed with ruffles, and the kimono waist will be cut surplice with short sleeves.

This bathing suit will not be as comfortable nor as easy to swim in as were those of last year, but it will be the last word in style. So what difference does it make?
